

Instant visibility and reduced costs for Senior Care.

Simplify communications while reducing costs.

Add two-way visual monitoring and speech connect to family, staff, PHC's and Caregivers.

Leverage hands free calling and eliminate expensive and outdated push button technology.

“SeniorVoice empowers my mother to reach us and help her anytime. We feel safe in case of an emergency when she can't reach a phone or button to get the assistance she needs. ....”

- Dan Fodray, Chicago IL.

## 24/7 Voice Assistance for Senior Assisted Living

The only end-to-end for Families, PHC, and Caregivers

### Communicate with Family, Front Desk, Staff and Caregivers

Residents can ask for any member of the family, caregiver, front desk or other contact and are connected without wires or phones to a loved one, physician, or caregiver instantly.

seniorvoice

Patient Directory

Name	Age	Phone Number	Room # (optional)	Needs Attention	
Greg	72	480-480-7171	112	<input checked="" type="checkbox"/>	
Jeremy	30	123-123-123	100	<input type="checkbox"/>	
Mary	67	6029190464	12	<input checked="" type="checkbox"/>	
Nas	27	111-111-1111	707	<input type="checkbox"/>	
Ron	52	623-203-8646	1097	<input checked="" type="checkbox"/>	

### “Drop In” Visual Monitoring

With remote “Drop In” monitoring, loved ones and caregivers can easily drop into any location to speak or view a location at any time, without the use of expensive phones or pricey cameras.

Simply ask to “Drop in on Mom” and Easy Voice Alexa connects the authorized person directly to a room.

### Residential and Facility Assisted Living

SeniorVoice accommodates residential and facility type senior assisted living including: assisted living, skilled nursing, memory care, and rehabilitation.

### Hands Free Safety Calling

Contact anyone with or without a phone, without extra expense, simply by saying their name.

Contact lists are prepopulated to connect seniors with a host of contacts to easily connect.
